OUR COMPANY

D2B Building Contracting LLC is a UAE-based construction company committed to delivering quality, reliability, and innovation across a wide range of building, MEP, and interior fit-out projects. Established in Dubai, D2B has earned a strong reputation for excellence, timely delivery, and client satisfaction.

Led by a technically strong management team and supported by a diverse and dedicated workforce, D2B combines over 25 years of collective experience in the construction industry. The company has successfully completed 50+ residential, commercial, industrial, and fit-out projects.

D2B's integrated divisions — Civil Construction, MEP, and Interior Fit-out work in seamless coordination to deliver turnkey solutions that meet international quality standards and exceed client expectations.

Certified under ISO 9001 (Quality Management), ISO 14001 (Environmental Management), ISO 45001 (Health & Safety), and ISO 26000 (Social Responsibility), D2B ensures that every project is executed with the highest levels of professionalism, safety, and sustainability.

At D2B Building Contracting LLC, we believe in building more than structures we build trust, value, and long-term partnerships through integrity, innovation, and excellence.

CHAIRMAN'S MESSAGE

Our driving force, undoubtedly has been the trust our clients have placed in us and the versatile team of committed and qualified professionals who stood by us as we shaped the city's skyline.

We are proud of our past accomplishments and passionate about our future and look forward to continuing our success in all segments of project management, construction.

We have faced many challenges in our journey to excellence and we have been always competent enough to surpass them. This was possible because we have always reinforced the need to build robust techniques, support & encourage team members and empower them through innovation and knowledge.

We are sharpening our strategy to be one of the most valuable, most innovative and most admired company. Our goal is to be a persistent company that creates massive significance in the field of operations.

Baranidharan Subramani

*Chairman & MD,
D2B Building Contracting LLC.*

INTERIOR AND FITOUT DIVISION

The interior and fitout Division of D2B Building Contracting LLC is dedicated to creating inspiring and functional spaces that reflect our clients' vision, lifestyle, and brand identity. With a team of skilled designers, engineers, and craftsmen, we offer end-to-end interior and fit-out solutions for residential, commercial, hospitality, retail, and corporate spaces.

Our approach combines creative design concepts with technical precision, ensuring every project achieves a balance of aesthetics, functionality, and durability. From concept development to final handover, we manage every aspect of the fit-out process with meticulous attention to detail, superior craftsmanship, and adherence to project timelines and budgets.

Our scope of work includes:

- Complete interior design and fit-out works
- Joinery, carpentry, and custom furniture manufacturing
- Ceiling, partition, and flooring works
- Lighting, electrical, and MEP coordination
- Finishing, painting, and decorative works
- Renovation and refurbishment of existing spaces
- Turnkey interior solutions for offices, villas, retail stores, and hospitality spaces

With an emphasis on quality materials, innovative design, and seamless execution, the Fit-out and Interior Division consistently delivers spaces that exceed expectations. Our in-house coordination between civil and MEP teams ensures smooth project flow and unified quality standards across all trades.

At D2B Building Contracting LLC, we believe interiors are more than just spaces — they are experiences. Through creativity, craftsmanship, and commitment, our Fit-out and Interior Division continues to enhance the company's reputation for excellence in design and construction.

OUR STRENGTH

At D2B Building Contracting LLC, our strength lies in the perfect blend of experience, innovation, and commitment to excellence. Over the years, we have built a reputation for delivering quality-driven construction and fit-out solutions that meet the highest industry standards. Our success is defined by our people, our processes, and our proven performance across a wide range of projects in the UAE.

Experienced and Dynamic Team

Our team comprises professionals with diverse experience across all facets of the construction industry — from design and engineering to execution and project management. Alongside this experience, we take pride in having a young, energetic, and dedicated team that stays updated with the latest construction technologies and industry practices, ensuring innovative and efficient project delivery.

Technically Strong Management

Our management team is led by professionals with a solid technical background, enabling effective decision-making, practical problem-solving, and seamless coordination across disciplines. This technical foundation ensures that every project is executed with precision, quality, and a clear understanding of engineering principles.

25+ Years of Combined Team Experience

Collectively, our core team brings over 25 years of combined experience in the construction sector, contributing to a deep understanding of project dynamics, cost efficiency, and client satisfaction. This experience enables us to anticipate challenges and deliver reliable, timely, and high-quality solutions.

Proven Track Record

With a record of 50+ successfully completed and handed-over projects, our portfolio includes commercial, industrial, residential, and interior fit-out developments. Each project stands as a testament to our capability, professionalism, and commitment to delivering beyond client expectations.

OUR STRENGTH

Strong Project Portfolio

D2B Building Contracting LLC has successfully completed various projects including government, semi-government, residential, commercial, and industrial developments. This showcases our ability to manage large-scale and complex projects with precision and control.

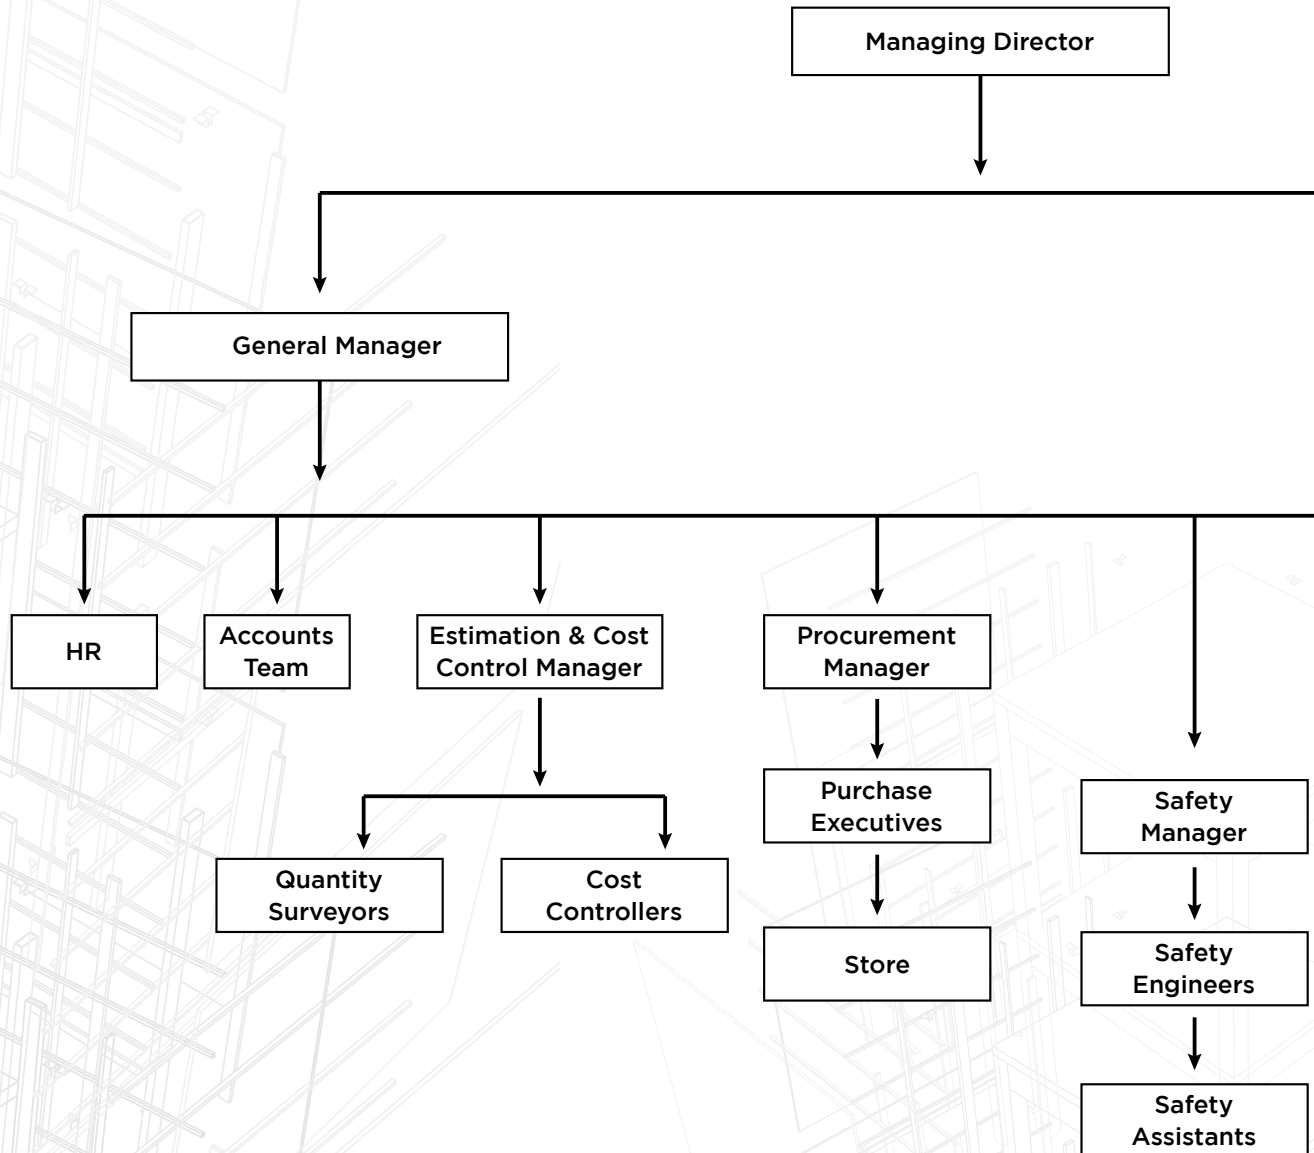

Internationally Recognized Standards

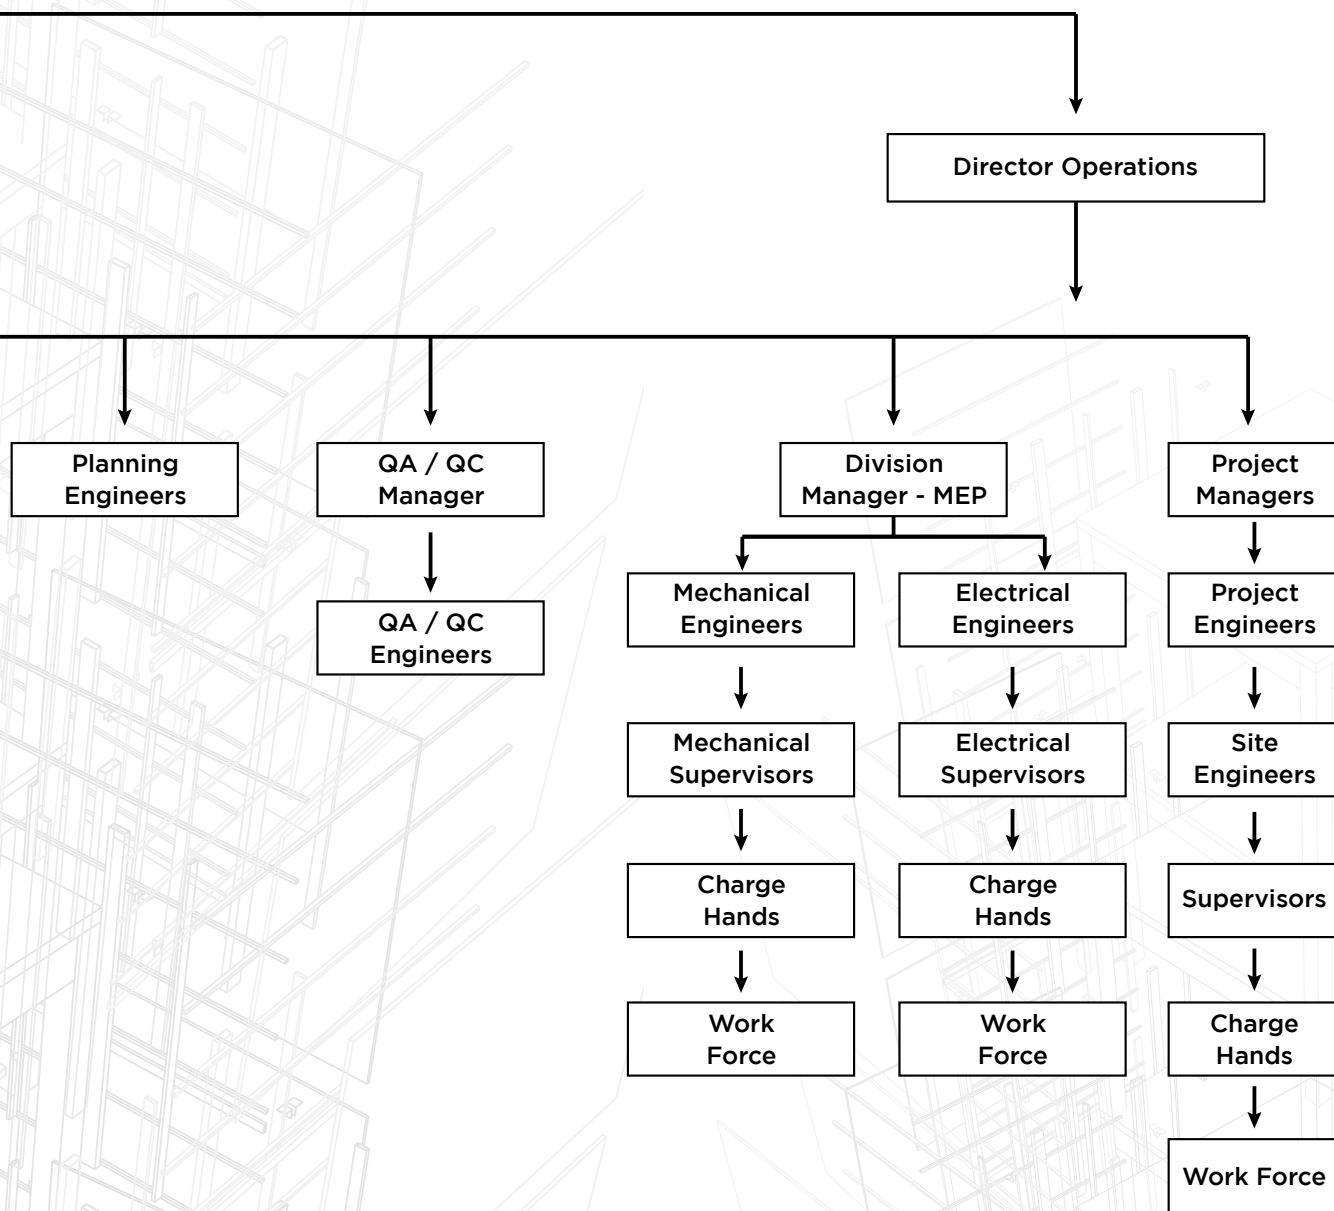

We operate in full compliance with internationally recognized quality and sustainability standards. The company is certified for:

- ISO 9001 – Quality Management System
- ISO 14001 – Environmental Management System
- ISO 26000 – Social Responsibility Guidance
- ISO 45001 – Occupational Health & Safety Management System

These certifications underscore our commitment to quality, environmental care, employee safety, and social responsibility.

ORGANIZATION CHART

LEADERSHIP

Baranidharan Subramani

(Managing Director)

Mr. Baranidharan Subramani, the Managing Director of D2B Building Contracting LLC, is a highly accomplished Civil Engineer with over 15 years of progressive experience in the construction industry. A graduate in Civil Engineering from Tamil Nadu, India, he brings a wealth of technical expertise, strategic insight, and leadership excellence to the company.

Throughout his career, Mr. Baranidharan has acquired extensive experience in project management and coordination, procurement management, finance, and administration, effectively leading multidisciplinary teams and complex projects from conception to completion.

He has successfully managed and delivered more than 50 projects across diverse sectors, consistently ensuring on-time delivery, quality assurance, and client satisfaction. His project portfolio includes shopping malls, fuel filling stations, heritage buildings, schools, industrial factories, ultra-modern service stations, commercial and residential developments, and warehouses.

Under his management, projects have been executed for numerous prestigious government and semi-government organizations including Dubai Municipality, ENOC, EPPCO, ADNOC, and EMAAR, as well as for reputed private developers such as Al Ghurair Real Estate, Aswaaq Developers, Lutfi Group, Nashmi Development, and Blossom Nursery.

Mr. Baranidharan has also built strong professional relationships with several renowned consultant firms, including Studio International Engineering Consultants, WME Engineering Consultant, Bureau Clink Engineering Consultant, Arif & Bintoak Engineering Consultant, Abdul Raheem Engineering Consultant, Future Art Engineering Consultant, Sohub Engineering Consultant, BHNS Engineering Consultant, Al Gafry Engineering Consultant, Eco Green Engineering Consultant, Emsquare Engineering Consultant, Croquis Engineering Consultant, Al Hawraa Engineering Consultant, and Gadiyar Engineering Consultant.

With his extensive technical acumen, financial prudence, and commitment to operational excellence, Mr. Baranidharan continues to steer D2B Building Contracting LLC toward sustainable growth, innovation, and superior project delivery. His visionary leadership and dedication to client satisfaction remain instrumental in strengthening the company's position as a trusted name in the UAE construction industry.

Mohammed Aaftab

(General Manager)

Mr. Mohammed Aaftab, the General Manager of D2B Building Contracting LLC, is a qualified Mechanical Engineer with a distinguished career spanning over 15 years in the construction and industrial sectors. He completed his Bachelor's Degree in Mechanical Engineering from Bangalore, India, and has since established himself as a dynamic professional with a diverse portfolio of technical, managerial, and leadership accomplishments.

Mr. Aaftab began his professional journey during his engineering years, working with a marketing firm, where he developed strong interpersonal communication, negotiation, and client relationship

management skills. He later gained valuable industrial experience at Ambuja Industries, India, which enhanced his understanding of large-scale operations, process management, and quality systems.

Building upon this foundation, Mr. Aaftab transitioned into the construction industry in the UAE, where he worked both as a Contractor and as a Developer's Representative Engineer. His diverse experience across different aspects of the industry has equipped him with a comprehensive understanding of project execution, cost management, procurement, client relations, and team leadership.

Recognized for his proven leadership, strong technical background, and strategic approach, Mr. Aaftab is known for his excellent communication and influencing abilities, as well as his skill in networking and relationship building within the construction community.

Under his management, D2B Building Contracting LLC continues to strengthen its position in the UAE market through a commitment to quality, innovation, and timely project delivery. His vision and dedication to excellence play a pivotal role in driving the company's growth, ensuring client satisfaction, and fostering a culture of professionalism and integrity.

Mohamed Rafiq

(Director Operations)

An Indian national with over 29 years of experience in construction industry and a graduate as Civil Engineering from Madras University he managed previously Beaver Gulf Group and Currently as Director Operations for D2B Building Contracting LLC.

With proven leadership skills to demonstrate ability to execute large sized projects independently with full on-site construction management, effective scheduling, monitoring and inspecting all works from the start to customer orientation and negotiation with vendors. His experience include working for major government and semi government projects of ADNOC, Dubai Municipality, EPPCO, ENOC, NSHAMA, EMAAR, FEWA etc.

Mr. Rafiq has excellent interpersonal skills and leadership qualities in human resource management and in an organization where high personal standards, efficiency and integrity are expected and rewarded. He is actively involved in:

Emphasizing client relationships and work to create profitable growth opportunities. Leading processes, progress with team effectiveness, employee development, financial goals and market conditions.

Establishing plans, budgets and result measurements, allocating resources, reviewing progress, making mid-course corrections.

Develop negotiating strategies and positions by studying integration of new venture with company strategies and operations examining risks and results, estimating needs and goals.

Building company image by collaborating with customers, related organizations and employees, enforcing ethical business practices. Maintaining quality service by establishing and enforcing organization standards.

Maintaining professional and technical knowledge by attending educational workshops, establishing personal networks benchmarking current and state of the art practices, participating in local trade associations, boards and committees.

Mr. Abdul Kader, Head of MEP at D2B Building Contracting LLC, is a qualified Electrical Engineer from Anna University, India, with over 15 years of extensive experience in the construction industry. His professional journey reflects a strong record of success in managing and delivering a wide range of residential, commercial, industrial, warehouse, and luxury villa projects across the UAE.

Throughout his career, Mr. Abdul Kader has been instrumental in the planning, execution, and supervision of MEP systems, ensuring all works are completed in compliance with the highest standards of quality, safety, and efficiency.

His proven expertise extends to coordination with major UAE regulatory authorities including DEWA (Dubai Electricity and Water Authority), SEWA (Sharjah Electricity and Water Authority), FEWA (Federal Electricity and Water Authority), Empower, Tabreed, DCM, Trakhees, DCD (Dubai Civil Defense), DM (Dubai Municipality), and EMAAR. His in-depth understanding of their technical requirements and approval processes has been key in ensuring smooth project progression and timely approvals.

Mr. Abdul Kader's strong technical background and leadership have been pivotal in the successful completion and handover of over 30 projects, consistently delivered on time and within budget. His reputation for precision, problem-solving skills, and operational excellence has established him as a respected professional in the field of MEP engineering.

At D2B Building Contracting LLC, he leads the MEP Department with professionalism and dedication, ensuring the seamless integration of mechanical, electrical, and plumbing systems across all projects. His extensive field experience, regulatory expertise, and leadership continue to play a crucial role in strengthening the company's technical capabilities and in maintaining D2B's reputation for delivering safe, compliant, and high-quality engineering solutions.

An aerial photograph of a city street at dusk. The scene is dominated by modern skyscrapers with glass facades that reflect the ambient light. Many windows are illuminated from within, creating a warm, golden glow. The street below is visible, with some traffic and pedestrian crossings. The overall color palette is a mix of cool blues and greys from the twilight sky and warm oranges and yellows from the building lights. Large, abstract red shapes with white cutouts are overlaid on the top and bottom of the image, framing the central text.
